Manitoba 

**MANITOBA INTERGOVERNMENTAL AFFAIRS
AND TRADE**

SUPPLEMENTARY INFORMATION

FOR

LEGISLATIVE REVIEW

2006-2007 EXPENDITURE ESTIMATES

PREFACE

This document has been prepared by the Department of Intergovernmental Affairs and Trade as a supplement to the printed main estimates. Its purpose is to provide background information about department activities and functions and link this information to financial requirements. It is hoped the supporting detail contained in this document will assist Members of the Legislature in reviewing departmental estimates.

The Supplement is organized into four parts. The first section provides an overview of the Department of Intergovernmental Affairs and Trade's 2006/07 budget requirements. The second, a program and financial information section, displays financial details accompanied by explanations which tie program activity to staffing needs and operating expenditures. This section is organized by main appropriations so that an easy cross-reference to the printed main estimates is provided. The third section supplies comparative historical information. The fourth section displays the financial details for Security Initiatives and Emergency Expenditures. A standard glossary of terms is also included at the end of the document.

A handwritten signature in black ink, appearing to read 'Scott Smith', with a large, stylized loop at the end.

Scott Smith
Minister of Intergovernmental Affairs
and Trade

PART I
DEPARTMENTAL OVERVIEW

DEPARTMENT OF INTERGOVERNMENTAL AFFAIRS AND TRADE

Honourable Scott Smith

Minister

Linda McFadyen

Deputy Minister of Intergovernmental Affairs

Diane Gray

Deputy Minister of Trade

Deputy Minister of Federal-Provincial and International Relations

ROLE AND MISSION

Manitoba Intergovernmental Affairs and Trade's mission is to support Manitobans in building healthy, sustainable and productive neighbourhoods and communities. The Department provides leadership and works collaboratively with urban, rural and northern Manitobans and businesses to ensure their communities are places of opportunity. The Department's clients include individuals, local governments, community organizations and businesses.

The Department establishes a legislative, financial, planning and policy framework that supports democratic, accountable, effective and financially efficient local government, the sustainable development of our communities and co-ordinated and effective emergency management. It promotes investment opportunities and supports Manitoba businesses, and companies providing products and services, to become export capable and expand into new markets. Within this framework, the Department delivers programs to meet particular needs for training, on-going advice, technical analysis, promotion and funding related to community/neighbourhood revitalization and development, infrastructure development, land management, local governance, emergency preparedness, response and recovery, and trade and investment.

In the interest of promoting the well being of our residents, businesses and communities, the Department advocates for community and neighbourhood needs and is a catalyst and co-ordinator of action. The Department also advocates for Manitoba at the international level. The Department promotes intergovernmental relationships and strategic partnerships between the private sector and non-government organizations.

To undertake these responsibilities, the Department is organized into five functional areas:

- Community and Land Use Planning
- Provincial-Municipal Support Services
- Urban Strategic Initiatives
- Trade and Federal-Provincial and International Relations
- Emergency Measures Organization

These areas are supported by Executive Management, which includes the Administration and Finance Branch. Several Boards, Committees and Agreements also function within the Department.

A description of the role and responsibilities of each section is included in Part II of this document.

**STATUTORY RESPONSIBILITIES OF THE
MINISTER OF INTERGOVERNMENTAL AFFAIRS AND TRADE**

The Capital Region Partnership Act
The City of Winnipeg Charter (S.M. 2002, C.39)

EXECUTIVE SUPPORT

OBJECTIVE

To provide the Minister, and staff responsible to the portfolio with advice and administrative support.

To carry out policy decisions initiated by the Minister.

To direct general administrative operations within the Department.

ACTIVITY IDENTIFICATION

Advises the Minister on issues relating to local government, community revitalization, infrastructure development, land management and planning, and emergency preparedness and management.

Chairs the departmental Executive Management Committee, the Leaf Rapids Town Properties Board, and the Central Task Team on Emergency Management.

Provides administrative assistance to the Minister's office.

Co-ordinates and manages the activities of the Department.

EXPECTED RESULTS

Positive and responsive action through effective ongoing dialogue between the Minister and executive support.

A strong municipal/provincial partnership characterized by consultation and communication.

Co-ordination of policy development to support efficient and effective local government.

Program development that promotes community revitalization and environmentally sound and sustainable community development.

Co-ordination of emergency management to support effective and timely emergency response and recovery.

Financially stable boards with sound internal administrative procedures.

HUMAN RESOURCE MANAGEMENT (CONSOLIDATED UNIT)

OBJECTIVES

The Human Resource Services Branch (Consolidated Unit) provides the Department with a comprehensive, cost efficient and effective range of human resource services; assists the Department to develop and maintain exemplary employment standards and practices; and provides services to help the Department to manage and maximize the availability and quality of human resources required to meet its needs.

ACTIVITY IDENTIFICATION

Conducts recruitment and selection activities under delegated authority according to departmental needs and Civil Service Commission policy, Human Rights Commission legislation and Labour Relations Agreements.

Reviews classification requests under delegated authority, conducts audits, prepares analysis and makes appropriate recommendations to departmental management and the Civil Service Commission.

Facilitates resolution of grievances, assists managers in interpreting the agreement and related legislation, participates in contract negotiations, and develops policies related to employee relations issues.

Provides departmental management with efficient, effective and appropriate wage and salary administration, and ensures that employees of the Department are appropriately compensated and paid in a timely fashion.

Develops retention strategies to reduce turnover and improve retention.

Assists departmental management in developing and implementing succession/career planning strategies to strategically manage the demographic impact of retirements.

Identifies and delivers effective training solutions.

Facilitates the attainment of Employment Equity goals through ongoing outreach and integration of Employment Equity considerations in staffing and retention.

Partners with line managers and executive to meet organizational objectives. Provides advice and promotes best practices on solutions, actions and strategies to meet their Human Resource needs.

Develops policies and procedures for departmental human resource practices, including performance management, workforce development, recruitment and assessment.

Establishes a formal career development planning program.

EXPECTED RESULTS

Alignment of human resource activities with Department strategies.

Provision of human resource products and services that are cost effective, relevant and useful to the Department and the employees.

Timely processing of documentation relating to all departmental payroll and human resource activity.

FINANCIAL AND ADMINISTRATIVE SERVICES

OBJECTIVES

To provide timely, accurate and customer responsive central support services essential to the operation of the Department, including comptrollership, financial, accounting and general administrative services.

To ensure all financial and management activities are in accordance with government standards.

To ensure that all reporting systems provide timely and accurate decision-making information for senior management in the Department and in central agencies.

To efficiently and effectively manage departmental vehicles and other assets.

ACTIVITY IDENTIFICATION

Develops and implements internal administrative policies and procedures and financial reporting and control mechanisms.

Provides general administrative advice and assistance to the Department about vehicle management, space planning, office equipment, furniture, telecommunications and other matters.

Administers the *Freedom of Information and Protection of Privacy Act*, and implements French Language Services policies, *Sustainable Development Act* requirements, and Workplace, Safety and Health policies.

Supervises accounting services for the Manitoba Trade and Investment Corporation.

EXPECTED RESULTS

Department management will receive accurate data upon which informed and effective decisions can be based.

Several thousand payments will be accurately and efficiently prepared and processed.

Annual Estimates and Quarterly Financial Forecasts, along with other financial documents, will be prepared accurately and forwarded within established time frames.

Department vehicles will be maintained, as will other equipment either owned or rented.

EXECUTIVE ADMINISTRATION

OBJECTIVES

To facilitate the implementation of provincial goals and objectives for community and land use planning in Manitoba.

To establish and maintain strong working relationships with municipalities and their agencies that will contribute to the resolution of planning and development issues and the efficient and effective delivery of community planning services.

To direct the efficient and effective operation of the Community and Land Use Planning Division.

ACTIVITY IDENTIFICATION

Provides guidance and senior decision-making in the development, co-ordination and administration of community and land use plans, policies, programs and legislation.

EXPECTED RESULTS

Continued dialogue between the Division and municipalities and their agencies.

Other expected results are discussed in this report under the Provincial Planning Services Branch and the Community Planning Services Branch.

PROVINCIAL PLANNING SERVICES

OBJECTIVES

To develop and administer a dynamic and responsive legislative and policy framework for land use planning in Manitoba.

To define and represent provincial interests in land use planning.

To provide timely and relevant policy and technical support to government and advice to delivery staff on provincial land and resource management policies.

To develop and implement strategic programs in support of provincial priorities in various communities.

ACTIVITY IDENTIFICATION

Develops, reviews and administers *The Planning Act* and Part 6 (Planning and Development) of *The City of Winnipeg Charter*, and related regulations including the Provincial Land Use Policies.

Reviews and recommends on proposed amendments to municipal and district development plans.

Reviews and recommends on proposed municipal annexations and amalgamations.

Co-ordinates and implements provincial and regional planning and development policies, including in Manitoba's Capital Region.

Monitors, reviews, researches and recommends on community and regional planning issues.

Chairs and provides secretariat support to interdepartmental committees on planning related issues.

EXPECTED RESULTS

The quality of life in Manitoba's municipalities is improved through sound planning, effective Provincial Land Use Policies and joint action on priority development issues.

Planning legislation is effective and streamlined.

Development in Manitoba is consistent with provincial legislation, plans, policies, programs and priorities.

COMMUNITY PLANNING SERVICES

OBJECTIVES

To promote effective local development policies, by-laws, strategies and decision-making processes by providing planning and development advice and services to planning districts, municipalities and their agencies.

To ensure that the Minister's statutory responsibilities as the approving authority for subdivisions, road closures and the closure of public reserves are carried out effectively and efficiently.

To build the capacity of local planning authorities to effectively exercise their authority and carry out their responsibilities under *The Planning Act*.

To ensure that the potential impacts of development proposals on provincial infrastructure and provincial interests are addressed through local and provincial review processes.

To facilitate inter-municipal co-operation and co-ordination on planning and development issues and assist municipalities in resolving local development issues.

ACTIVITY IDENTIFICATION

Provides planning advisory services to 45 planning districts with 146 member municipalities, as well as 53 other municipalities and 51 unorganized northern communities, including background studies, development plans and zoning by-laws, subdivision reviews and special projects such as community mapping, residential and commercial subdivisions, industrial park designs, municipal boundary reviews, site planning, community renewal and sustainable development.

Administers reviews of subdivisions, road closures and public reserves and approves subdivision applications on behalf of the Minister for all areas of the Province with the exception of the City of Winnipeg and those planning districts that have delegated subdivision approving authority.

Implements the Intergovernmental Affairs and Trade components of the Livestock Stewardship Initiative including delivery of the Community Planning Assistance Program and participation on the Regional Technical Advisory Committees reviewing applications for major livestock operations.

Provides educational and training opportunities for elected and appointed local government officials through presentations, seminars and conferences on land use planning and development.

Facilitates inter-municipal co-operation and partnerships in municipal restructuring, boundary alterations, joint infrastructure servicing and revenue sharing agreements, formation of planning districts, local land use and strategic planning and similar initiatives.

Provides advice related to alternative dispute resolution.

EXPECTED RESULTS

Sustainable development of Manitoba communities and effective local planning and development decisions consistent with provincial legislation, policies and initiatives.

RECOVERABLE FROM RURAL ECONOMIC DEVELOPMENT INITIATIVES

OBJECTIVES

To facilitate the funding necessary to enhance sustainable community and economic development in rural Manitoba.

ACTIVITY IDENTIFICATION

Provides for the recovery of expenditures related to the Livestock Stewardship Initiative from the Rural Economic Development Initiatives Program.

EXPECTED RESULTS

To provide the necessary funding for the Livestock Stewardship Initiative to ensure the expansion of the livestock industry is sustainable. This initiative will lead to the appropriate siting and development of livestock operations that, together with prudent farm management, will protect the environment and generate socio-economic benefits to Manitoba communities and the provincial economy.

EXECUTIVE ADMINISTRATION

OBJECTIVES

To facilitate and support effective program and policy development, decision-making and implementation in areas of local government and of provincial/municipal interest for the Deputy Minister and the Minister.

To co-ordinate effective and efficient delivery of services to local governments.

To direct general administrative and program operations of the division.

ACTIVITY IDENTIFICATION

Provides policy advice on a wide range of issues affecting local government to the Deputy Minister and the Minister, including the legislative framework, funding and financial issues, assessment and the information technology support.

Co-ordinates and manages the activities of the division.

EXPECTED RESULTS

Relevant services and supports to local government will be provided in a co-ordinated, efficient and timely manner.

Pro-active consultation and communication will continue to characterize the municipal/provincial relationship.

Issues raised by local governments will be dealt with appropriately and expeditiously.

ASSESSMENT SERVICES

OBJECTIVES

To provide an equitable, stable and predictable assessment base to support real property taxation in Manitoba.

To provide legislation and policy in support of property assessment and taxation that is seen to be responsive and equitable from the perspective of both ratepayers and taxing authorities, and establishes an economic climate that is competitive with other jurisdictions.

To provide accurate property and valuation information to taxing authorities (i.e., municipalities, school divisions, Public Schools Finance Board), property owners, government agencies and other clients.

To increase productivity, generate greater revenue as appropriate and decrease product and service costs to core clients, the taxing authorities.

To aggressively pursue the principles of continuous improvement to ensure the delivery of quality assessment services in a fiscally responsible manner fully accountable to clients.

ACTIVITY IDENTIFICATION

Revises assessment rolls for 198 municipal corporations and 59 areas under *The Northern Affairs Act* no later than December 31st each year, by providing updates on new construction and demolitions, as well as changes to ownership and addresses, property classification and liability to taxation.

Attends annual Boards of Revision and Municipal Board appeal hearings to present evidence.

Reassesses all municipal corporations on a four-year cycle.

Classifies property according to Manitoba property classification Regulation 545/98 and reclassifies those whose use has changed.

Provides the Minister and Public Schools Financial Board with the Total School Assessment and Total Municipal Assessment no later than December 1st each year.

Determines "dwelling units" per property to assist the Education Property Tax Credit Program - Manitoba Finance.

Reviews and prepares revisions to *The Municipal Assessment Act* and Regulations.

Develops and implements assessment reform measures as they are approved.

EXPECTED RESULTS

Complete accurate roll.

Produced in an efficient manner at least cost to local government.

Base will result in fair and equitable distribution of taxes.

MUNICIPAL FINANCE AND ADVISORY SERVICES

OBJECTIVES

To develop and maintain a flexible, responsive legislative and policy framework to enhance the viability of Manitoba communities.

To promote the development of local government structures that recognize and address emerging challenges and facilitate efficient and effective delivery of municipal services.

To build the capacity of elected and appointed officials at the local government level so that they can respond to the opportunities and challenges in their communities.

To develop and maintain a financial framework that maximizes the use, and provides for equitable allocation of provincial financial resources in support of local government activities compatible with the overall provincial fiscal plan.

To distribute provincial grants and transfer payments to municipalities accurately, efficiently, and in accordance with provincial policy objectives in support of local government.

ACTIVITY IDENTIFICATION

Provides advisory and consultative administrative and operational advice to municipal councils and/or administrative staff regularly, and upon request.

Delivers seminars, presentations and workshops to elected and appointed municipal officials on issue-specific matters, and prepares relevant educational support material.

Represents municipal government interests on external and inter-departmental boards, committees and working groups.

Reviews all capital borrowing by municipalities (except the City of Winnipeg) and approves municipal operating deficits.

Develops municipal financial monitoring systems, provides advisory and consultative financial services; and annually publishes municipal financial statistics (Statistical Information - Municipalities of the Province of Manitoba).

Administers statutory requirements for audits of all municipalities.

Administers the payment of shared provincial revenues and other grants to municipalities, including funds distributed under the Agreement on the Transfer of Federal Gas Tax revenues under the New Deal for Cities and Communities 2005-2015.

EXPECTED RESULTS

Municipalities will possess the necessary skills and resources to operate efficiently and effectively in a changing environment in the short run and longer run.

Municipalities will be financially sound.

A relevant and effective legislative framework will be maintained.

Provincial grants and transfer payments will allow municipalities to deliver a broad-range of services to residents at a reasonable cost, while at the same time ensuring that provincial policy objectives are met.

INFORMATION SYSTEMS

OBJECTIVES

To provide a complete data processing service to other branches within the Department (including systems analysis, development, implementation, purchasing and maintenance).

To provide access to information generated by this service to municipalities, other provincial departments, the federal government and the private sector, where required and where possible to do so on a cost recovery basis.

ACTIVITY IDENTIFICATION

Supports property assessment through enhancement and maintenance of the Manitoba Assessment Valuation Administration System (MAVAS) and the Manitoba Assessment Computer System (MACS) including a central property database, a land and building valuation process, an assessment appeal system, and a property sales analysis sub-system. Provides public access to assessment information through Manitoba On-line.

Produces annual property assessment rolls, assessment notices, tax collection rolls and tax statements for 198 municipal corporations (except the City of Winnipeg) and communities under Aboriginal and Northern Affairs' jurisdiction including electronic copies of assessment and tax data as required.

Provides the data processing services to update eligibility for 114,000 owner-occupied, single family dwelling units for the Education Property Tax Credit Advance Program.

Provides data processing and small system enhancement and development services to other branches in support of automated information systems for reporting and evaluation purposes. Provides consulting service to other branches to optimize their use of personal computers through the establishment of procedural standards and controls, back-up requirements and training.

EXPECTED RESULTS

Assessment rolls for each municipal corporation, assessment notices for individual parcels and associated reports will be prepared to support the assessment process on a 25/75 Department of Education, Citizenship and Youth/municipal cost-sharing formula. Tax collection rolls for 198 municipal corporations (except the City of Winnipeg) and individual tax statements displaying levies for general municipal and school taxes, local improvement taxes, resident homeowner tax advances, and all other tax details for approximately 400,000 properties will be prepared on a complete cost recovery basis.

Education Property Tax Credit Advance eligibility will be updated for 114,000 owner-occupied, single family dwelling units to support the provincial property tax credit programs.

Application development, including the generation of computerized reports for analytical and statistical purposes for other branches within the Department, assisting in the effective and efficient delivery of their programs.

To support municipal service delivery and infrastructure priorities by providing municipalities with a share of provincial tax revenues.

ACTIVITY IDENTIFICATION

Provides funding support to all municipalities (excluding Winnipeg) through a share of the Province's personal and corporate income tax and road-related fuel tax revenues in support of public transit, transportation and other municipal infrastructure and services.

EXPECTED RESULTS

Flexibility for all municipalities (excluding Winnipeg) to fund both infrastructure renewal and service delivery priorities.

Provision of accessible and cost-effective public and handi-transit services by local governments to all residents.

New and enhanced transportation infrastructure that benefits citizens.

(1) Building Manitoba Fund	45,740.7	40,145.4

SUB-APPROPRIATION 13-4B-2**FINANCIAL ASSISTANCE FOR OTHER MUNICIPALITIES
OTHER OPERATING ASSISTANCE****OBJECTIVES**

To provide all municipalities with funding in support of operating priorities through a share of net Video Lottery Terminal (VLT) revenues generated outside the City of Winnipeg.

To provide eligible Manitoba municipalities with unconditional financial support in recognition of expenditures required for payment of the Provincial Health and Post Secondary Education Levy.

ACTIVITY IDENTIFICATION

Distributes payments to 196 municipalities and Northern Affairs communities based on formula.

Provides grants to 18 municipalities based on a formula which provides an approximate offset to the Provincial Health and Post Secondary Education Levy.

EXPECTED RESULTS

Increased ability of municipalities to fund local requirements.

Greater flexibility for municipalities to fund services and projects in support of sustainable communities.

GRANTS TO MUNICIPALITIES IN LIEU OF TAXES

OBJECTIVES

To reimburse municipalities for services extended to provincial lands contained within local government boundaries through payment of grants-in-lieu of real property taxes on many properties exempt from municipal taxation. The rate paid is equivalent to taxes payable if the properties were not exempt.

ACTIVITY IDENTIFICATION

Pays grants equivalent to school and municipal taxes on most provincial properties. No grants-in-lieu are paid on public highways or road allowances, provincial waterways, land in provincial parks or recreation areas, community pastures, and land leased to private individuals or companies (hay and grazing permits).

Pays grants-in-lieu of taxes by municipal tax due dates which are established by municipalities.

Grants are calculated by applying the annual tax mill rate set by the taxing jurisdictions against the portioned assessment of the property as determined by the Provincial Municipal Assessor and, in the City of Winnipeg, by the City Assessment Department.

Commencing in 1993/94, the Department recovered the applicable grants-in-lieu costs from respective government departments.

EXPECTED RESULTS

Grants-in-lieu of taxes will be paid to municipalities on over 9,000 provincially owned properties by the municipal tax due dates.

RECOVERABLE FROM URBAN AND RURAL ECONOMIC DEVELOPMENT INITIATIVES

OBJECTIVES

To facilitate the funding necessary to enhance sustainable community and economic development in Manitoba.

ACTIVITY IDENTIFICATION

Provides for the partial recovery of operating and capital expenditures related to the Mobility Disadvantaged Transit Program from the Rural Economic Development Initiatives Program and for the recovery of expenditures related to financial assistance to the City of Winnipeg from the Urban Development Initiatives Program.

EXPECTED RESULTS

Sustainable community and economic development throughout Manitoba.

SUB-APPROPRIATION 13-5A

CANADA-MANITOBA INFRASTRUCTURE PROGRAMS

OBJECTIVES

Manitoba contributes funding to infrastructure projects through three Canada-Manitoba Infrastructure Programs:

1. Canada-Manitoba Infrastructure Program (CMIP), 2000-2008;
2. Municipal Rural Infrastructure Fund (MRIF), 2005-2010 and
3. Canada Strategic Infrastructure Fund (CSIF)

The federal-provincial funding enhances community public infrastructure. Provincial participation in the federal-provincial agreements provides support to local infrastructure on a multi-year basis, enabling predictable and ongoing municipal infrastructure support.

ACTIVITY IDENTIFICATION

The CMIPs are application-based, multi-year programs supporting enhancements to Manitoba's urban, rural, and northern municipal infrastructure. Through the construction, renewal, expansion or material enhancement of infrastructure throughout Manitoba, the CMIPs are improving the quality of life for all citizens and building the foundation for sustained long-term economic growth in the 21st century.

Claims reimbursement of existing CMIP commitments continue. The third and final intake deadline for MRIF rural/northern projects is June 15, 2006.

The CMIPs continue a history of investment collaboration and partnership between Canada, Manitoba and local governments on enhancements to infrastructure. CMIPs are funded by equal contributions from the federal government, Manitoba government, and community partners such as local governments and other community organizations in the private and non-profit sectors. Project proponents incur and pay 100 percent of the project costs up front, and are reimbursed by the federal and provincial governments for up to two-thirds of the approved funding total.

A Federal-Provincial Local Consultative Committee (FPLCC) on Infrastructure was established to assist in the review of project funding. Projects outside of Winnipeg are reviewed by officials from the Association of Manitoba Municipalities and the Northern Association of Community Councils, while projects inside Winnipeg are reviewed by officials from the City of Winnipeg.

Green municipal infrastructure is an important priority. This includes projects that will protect and/or enhance the quality of our environment, such as water and wastewater systems, water management, solid waste management, recycling, public transit, and environmental energy improvements. Other local infrastructure is also eligible, including local transportation infrastructure, cultural and recreational infrastructure, infrastructure supporting tourism, and connectivity.

MRIF is primarily targeted to local infrastructure in rural and northern Manitoba.

CSIF projects are large scale, strategic urban infrastructure projects, beyond the funding capacity of the MRIF program.

The Programs are delivered by a joint federal/provincial office called the Canada-Manitoba Infrastructure Secretariat.

EXPECTED RESULTS

1. Canada-Manitoba Infrastructure Program (CMIP), 2000-2008

The six-year program is fully committed to 177 projects. By the end of the 2006/07 fiscal year, it is expected over one-half of the projects will be completed. Construction will continue on remaining projects. The federal government extended the completion date for projects to March 31, 2008.

2. Municipal Rural Infrastructure Fund (MRIF), 2005-2010

Fiscal year 2006/07 is the second full year of the five-year program. Construction will continue and claims reimbursed on the 35 approved projects. Program funds will be fully committed, or nearly committed, by the end of the fiscal year.

3. Canada Strategic Infrastructure Fund (CSIF)

The City of Winnipeg's Kenaston Underpass project is expected to be completed in the coming year. A tri-level contribution agreement will be executed and construction will be underway for improvements to the City of Winnipeg's Wastewater Treatment system. Tri-level CSIF funding is also facilitating strategic enhancements to a significant number of City of Winnipeg recreation and leisure facilities, including community centres, skateboard parks and spray pads.

CANADA-MANITOBA ECONOMIC PARTNERSHIP AGREEMENT

OBJECTIVES

The objective of the *Canada-Manitoba Economic Partnership Agreement* is to strengthen and diversify Manitoba's economy, build on existing economic strengths, enhance the skills of Manitoba's workforce and promote regional development in accordance with the two key strategic areas – "Building Our Economy" and "Sustainable Communities".

The Agreement supports industry-based infrastructure, improved competitiveness and productivity, increased trade capacity, development and promotion, and an environment that attracts investment. It also supports the development of a skilled workforce, access to knowledge-based infrastructures, the promotion of local tourism and natural resource development opportunities, as well as encouraging the participation of all community members in the economy to enhance the viability, sustainability and growth of communities throughout Manitoba.

The Agreement is administered for Manitoba by the Canada-Manitoba Infrastructure Secretariat and for the federal government by Western Economic Diversification Canada.

ACTIVITY IDENTIFICATION

The *Canada-Manitoba Economic Partnership Agreement* provides a mechanism for achieving greater federal-provincial co-operation in realizing the economic and regional development potential of Manitoba by way of collaboration. The Agreement provides for joint economic development opportunities whereby Canada and Manitoba will work together and with other interested stakeholders to strengthen Manitoba's economic diversity through innovation, build on existing advantages, create new employment opportunities, and enhance economic growth.

EXPECTED RESULTS

The five-year, \$50 million Agreement was signed December 1, 2003. It is funding over 25 projects, leveraging \$74 million in spending overall. The 2006/07 fiscal year is the third year of project commitments and expenditures under the Agreement.

More project commitments are anticipated in the coming year, as well as ongoing expenditures on previous commitments.

SUB-APPROPRIATION 13-5C

WINNIPEG PARTNERSHIP AGREEMENT

On May 20, 2004 the governments of Canada, Manitoba and Winnipeg signed the Canada-Manitoba-Winnipeg Agreement for Community and Economic Development, commonly known as the Winnipeg Partnership Agreement (WPA).

OBJECTIVES

To facilitate Winnipeg's urban renewal through a common, long-term commitment that addresses economic and social issues and capitalizes on the opportunities presented by a knowledge-based economy.

To invest a total of \$75.0 million over five years (\$25.0 million each) in identified Winnipeg urban development priorities.

To use a community development approach, where appropriate, that welcomes input from and builds partnerships with key community stakeholders.

ACTIVITY IDENTIFICATION

A broad program model has been developed, focusing on four priority component program areas, each being able to respond to the barriers faced by Winnipeg's Aboriginal community.

Aboriginal Participation – To enhance social and economic development opportunities for Aboriginal people. Winnipeg's Aboriginal communities will take a lead role in identifying programming to respond to these opportunities.

Building Sustainable Neighbourhoods – To support the revitalization of communities in need through broadly based community economic development and social economy strategies and initiatives that demonstrate community support. This component will also facilitate capital improvements to community facilities.

Downtown Renewal – To identify and support key projects and heritage preservation initiatives, encourage and support downtown living, and facilitate strategic economic and cultural initiatives in the downtown.

Supporting Innovation and Technology - To build a knowledge-based economy and ensure continued success in developing/attracting businesses in priority sectors of the economy, through investments in both the public and private sectors in areas such as research, innovation, infrastructure and technology commercialization.

The WPA also has an *Agreement Administration* component program to support the effective administration and co-ordination of agreement programming and activities and provide information to the public.

EXPECTED RESULTS

Enhanced participation of Aboriginal people in Winnipeg's economic and community life.

Expanded urban renewal activities in Winnipeg's downtown and in older neighbourhoods that are currently not being addressed.

Increased opportunities for fuller participation of Winnipeg residents in innovation and technology activities.

Improved co-ordination of urban revitalization strategies and activities among federal, provincial and municipal governments.

Enhanced partnerships with community stakeholders.

NEIGHBOURHOODS ALIVE!

OBJECTIVES

To strengthen community capacity and support community-driven revitalization efforts in designated neighbourhoods in Winnipeg that include Spence, West Broadway, William Whyte, Lord Selkirk Park, Point Douglas and the newly-designated neighbourhoods of Dufferin, St. Johns, St. Matthews, Daniel McIntyre, Centennial, West Alexander and North Portage, and in Brandon (City Centre) and Thompson (at large with focus on pockets of need).

ACTIVITY IDENTIFICATION

Supports local community organizations in designated neighbourhoods and strengthens their capacity through community economic development and community development activities.

Encourages the development of community partnership.

Enhances interdepartmental urban policy and program delivery co-ordination.

Provides a comprehensive framework and complementary programs tailored to local needs and linked with other programs in designated areas. A toolbox of programming has been developed, including initiatives in housing, community development, recreation, employment and training, and crime prevention. Intergovernmental Affairs and Trade directly delivers three NA! components:

- Neighbourhood Renewal Fund (NRF): Supports a broad range of locally planned initiatives in the designated neighbourhoods. The NRF funds projects that support capacity building, physical renewal, economic development and safety and well-being.
- Neighbourhood Development Assistance Program: Provides long-term core operating support for neighbourhood renewal corporations (NRCs) that implement community economic development within designated neighbourhoods.
- Community Initiatives: Supports projects and activities similar to those under NRF but that have a broad impact on Winnipeg's inner city or target specific groups across the inner city.

Under Neighbourhoods Alive!, the Department also supports Training Initiatives that are developed and delivered by other departments, in particular Manitoba Education, Citizenship & Youth in partnership with community organizations and educational institutions.

Three other Neighbourhoods Alive! programs, Neighbourhood Housing Assistance, Urban Arts Centres and Lighthouses, are delivered and funded by Manitoba Family Services & Housing, Manitoba Culture, Heritage & Tourism and Manitoba Justice respectively.

EXPECTED RESULTS

Improved quality of life at the local level through local capacity building, increased community capital and improved community competence, as assessed through mutually developed outcome measures.

Improved interdepartmental collaboration and co-operation in terms of urban policy and program delivery.

NEIGHBOURHOOD PROGRAMS

OBJECTIVES

To develop and implement urban revitalization policies and programs in co-operation with other departments, and other levels of government.

ACTIVITY IDENTIFICATION

Ensures the co-ordination of the government's urban public policy.

Co-ordinates provincial implementation of the Building Communities Initiative (BCI) agreement (2001-2006), a \$14.0 million, cost-shared agreement with the City of Winnipeg to improve the physical condition of older residential neighbourhoods that shoulder Winnipeg's inner city. Provincial funding for this agreement is provided under the Urban Capital Projects Allocation III. BCI has two components:

The \$1.5 million Community Home Renovation Program (CHRP) that promotes and supports repairs/upgrades to eligible homes in designated neighbourhoods. CHRP is now fully committed.

The \$12.5 million Community Improvement Program (CIP), to invest in public community infrastructure in designated neighbourhoods.

Supports the development and implementation of programs under the Winnipeg Partnership Agreement that reflect provincial priorities.

Establishes and maintains effective partnerships with urban municipal and federal governments through the development and implementation of joint agreements and the co-ordination of complementary policy and programs.

EXPECTED RESULTS

Development of project-specific plans and designs in the BCI neighbourhoods.

Implementation of identified projects in all of the BCI neighbourhoods.

Implementation of Winnipeg Partnership Agreement programs and activities that address provincial urban economic development/revitalization priorities.

Improved co-ordination among federal/provincial and urban municipal revitalization programs.

URBAN COMMUNITY ECONOMIC DEVELOPMENT

OBJECTIVES

To provide an urban redevelopment policy framework for provincial investment for strategic downtown revitalization projects and economic and community development initiatives in the City of Winnipeg.

ACTIVITY IDENTIFICATION

Develops urban programming that supports the Province's Community Economic Development Policy Framework.

Supports local community organizations in building their capacity to rebuild neighbourhoods using a community economic development approach.

EXPECTED RESULTS

Integrated community and economic development initiatives.

Increased community capacity to develop and implement integrated community economic development initiatives at the local level.

Improved interdepartmental and intergovernmental urban policy and programming co-ordination.

FEDERAL-PROVINCIAL AND INTERNATIONAL RELATIONS

OBJECTIVES

Federal-Provincial and International Relations provides advice and support for Manitoba's relationships with domestic and international governments and their representatives. The objective of the Division is to ensure Manitoba benefits from its intergovernmental and international relationships.

ACTIVITY IDENTIFICATION

Provides policy advice, analysis and support in managing Manitoba's relationships with the federal government and other provincial and territorial governments, on matters of intergovernmental significance including the Council of the Federation.

Provides policy advice, analysis and support in managing Manitoba's relationships with the United States and other international jurisdictions.

Co-ordinates and facilitates Manitoba's involvement in international development activities.

Supports the work of educational institutions and organizations in marketing Manitoba's education and training opportunities internationally.

Advices on protocol related matters.

EXPECTED RESULTS

Develops and effectively promotes Manitoba's intergovernmental and international priorities through informal and formal relationships with other subnational and national governments.

Maintains timely communication and a lead co-ordination role with other government departments involved in federal-provincial and international activities.

Develops strategic partnerships between Manitoba businesses, international funding agencies and government departments/agencies to promote international development opportunities.

More Manitoba institutions involved in international education and an increase in the number of international learners participating in Manitoba's education system.

Provides high-quality and appropriate support for visiting dignitaries, accurate guidance on protocol matters and comprehensive services to the Order of Manitoba.

MANITOBA TRADE

OBJECTIVES

Manitoba Trade and Investment supports Manitoba businesses to become export capable and to diversify in international markets by delivering targeted programs/services. It promotes Manitoba investment opportunities abroad to increase inward investment and employment. Manitoba's participation under international and internal trade agreements is also supported.

ACTIVITY IDENTIFICATION

Provides a variety of activities and services intended primarily to assist Manitoba's small to medium-sized businesses increase their export capability and activity.

Offers counselling and diagnostic analysis.

Undertakes research and information dissemination on priority markets.

Identifies and supports new exporters, provides training and export financing advice.

Supports trade missions and trade shows (outgoing and incoming).

Works with Manitoba businesses, other governments and agencies involved in trade in the Province to promote the value of export activity, and communicate and co-ordinate missions, activities and programs related to trade development.

Supports Manitoba's participation under international trade agreements including NAFTA and the World Trade Organization as well as matters related to internal trade.

Assists companies through the Trade Assistance Program (TAP) which provides support to Manitoba companies to access new export markets through participation in recognized trade shows.

Develops strategic trade plans for priority sectors through the Exporter Development Initiative, in consultation with industry outreach.

Develops internal and international trade policy positions that support provincial objectives.

EXPECTED RESULTS

Implementation of effective services and activities aimed at increasing the number of actively exporting firms.

Further diversification of export markets served by Manitoba firms.

Effective communication and co-ordination among Manitoba's trade partners.

MANITOBA OFFICE IN OTTAWA

OBJECTIVES

The Ottawa Office assists the Manitoba government, its agencies, Manitoba firms, communities, organizations, and individuals in dealing with the federal authorities and in developing business. It provides strategic federal-provincial information and advice; liaises with other provincial/territorial offices based in Ottawa, and seeks to secure a fair share of federal contracts for Manitoba businesses.

ACTIVITY IDENTIFICATION

Specific activities include:

Key federal legislation, budgets/estimates, and other actions are followed and progress is reported to appropriate responsibility centres.

Strategic intelligence, consultations and advice are supplied on a regular basis to clients.

Visiting Manitoba delegations are supported, including First Ministers' meetings, individual ministers, departmental staff, trade groups, and individuals. Visiting business firms are provided with facilities and logistical support for consultations and presentations, as well as advice and guidance pertinent to their business plan.

Procurement opportunities are identified, forwarded to appropriate officials/business clients, to ensure access to federal contracts and programs. In addition, industrial development leads are identified and communicated to appropriate departmental responsibility centres for follow-up.

Attend and report on Ottawa meetings when appropriate on behalf of departments, thus saving travel costs and time.

Federal officials are constantly reminded of Manitoba's interests and priorities.

Tourism information is made available to local inquiries.

Develop and maintain strategic relationships with other provincial/territorial offices based in Ottawa.

Support special trade or export trade initiatives.

EXPECTED RESULTS

Information and reports are provided to client departments, industry and others as requested, and as issues surface in Ottawa.

Logistical support is provided as required to visiting delegations to Ottawa.

Productive working relationships with other provincial/territorial offices in Ottawa are achieved.

13.8	8	EMERGENCY MEASURES ORGANIZATION Working closely with all levels of government, the private sector, volunteer agencies and other non-government agencies promotes and coordinates emergency preparedness, emergency response and disaster recovery to prevent the loss of life, and to minimize damage to property and the environment. Responsible for the administration and delivery of the Disaster Financial Assistance (DFA) program. DFA provides assistance to Manitobans who have suffered losses as a direct result of a wide-spread disaster.	1,853.4	1,730.4
			<u>1,853.4</u>	<u>1,730.4</u>

SUB-APPROPRIATION 13-8

EMERGENCY MEASURES ORGANIZATION

OBJECTIVES

To act as the provincial government's co-ordinating agency for emergency management, as established by *The Emergency Measures Act*.

To establish and build the provincial government's capacity to co-ordinate, manage and participate in multi-agency emergency response situations.

To support post-disaster recovery of private individuals, small businesses, some non-profit organizations and government.

To foster a climate of co-operation among all sectors involved with the protection of public safety and security in Manitoba.

To work co-operatively with other governmental and non-governmental agencies to develop policies and programs that enhances public safety.

To continuously improve all aspects of emergency management in Manitoba.

ACTIVITY IDENTIFICATION

Implements a system of integrated emergency management in Manitoba that will prevent or limit loss of life; serious harm to the health, safety, or welfare of people; and damage to property or the environment.

Co-ordinates internal emergency planning and management via close and frequent interaction with other departments of government.

Evaluates emerging threats and hazards to public safety, and develops flexible and innovative operational steps in response to these challenges. This is carried out through four major areas of activity:

1. Preparedness
2. Response
3. Recovery
4. Prevention (Mitigation)

When these areas of activity are co-ordinated as part of an encompassing strategic approach to public safety, an "all hazards" approach to emergency management is advanced. From this strategic direction, an effective tactical system is created whereby a wide range of potential events – from the national to the local level – can be managed through a flexible, adaptable and scalable management structure.

EXPECTED RESULTS

The number of individuals who participate in emergency management training programs will equal or exceed the most-recent five-year average for participation in EMO training courses, resulting in an improved emergency response capability at the municipal level.

The number of municipal emergency plans reviewed and accepted in accordance with *The Emergency Measures Act* will equal or exceed the number scheduled for completion during this time-period.

Emerging security concerns will be thoroughly and carefully evaluated, to better inform the provincial government's responsibilities in emergency management and its response to new challenges.

Provincial policies, programs and emergency planning will be aligned and co-ordinated with other entities engaged in emergency management, with Manitoba playing an integral and active role in a robust and cohesive national, provincial and local emergency management structure.

Participate in federal/provincial/territorial policy and program discussions that advance and improve a comprehensive national system of emergency management, in addition to advancing Manitoba's emergency management priorities.

Regional (both national and international) co-operation will be improved and formally established through agreements with its partners and counterparts.

Provision of secretariat functions to the Security Subcommittee of Cabinet and the All Party Task Force on Security will continue.

SUB-APPROPRIATION 13-9

COSTS RELATED TO CAPITAL ASSETS

OBJECTIVES

To comply with Canadian Institute of Chartered Accountants standards that require that expenditures on tangible capital assets be amortized over the useful life of the asset.

ACTIVITY IDENTIFICATION

Tangible capital assets are those with a useful life extending beyond one year which are acquired, constructed or developed and held for use, not for resale. Tangible capital assets with a value less than the accepted capitalization limit will be expensed in the year of acquisition.

Departmental tangible capital assets include equipment as well as the Department's share of the Desktop Services' total project costs.

EXPECTED RESULTS

Recognizing amortization in this way allocates the cost of capital assets to the periods of service provided and amortization is recorded as an expense in the statement of operations.

* Adjusted figures reflect historical data on a comparable basis in those appropriations affected by a re-organization during the years under review.

1. The Department was reorganized in 2002/03.

The Administration and Finance appropriation now includes The Municipal Board. The Program and Policy Development Branch was integrated into the Rural and Northern Community Economic Development Services Division and the Urban Strategic Initiatives Division.

In the former Boards appropriation, The Surface Rights Board was transferred to Industry Trade and Mines and The Municipal Board was transferred to the Administration and Finance appropriation.

The Community and Land Use Planning Services and Provincial-Municipal Support Services appropriations were not reorganized.

The Economic and Community Development Services Division was renamed to Rural and Northern Community Economic Development Services and includes Executive Administration, The Manitoba Water Services Board, Community and Regional Development Services, Economic Development Initiatives and Rural Economic Development Initiatives. The former Regional Development Services Branch and the former Program and Policy Development Branch were reconfigured into two new branches, the Community and Regional Development Services Branch and the Economic Development Initiatives Branch. The Urban Development Initiatives programming was transferred to the Urban Strategic Initiatives appropriation.

The Financial Assistance To Municipalities and Canada-Manitoba Agreements appropriations were not reorganized.

The Urban Strategic Initiatives Division includes Neighbourhoods Alive!, Neighbourhood Programs, Urban Community Economic Development and Urban Development Initiatives. There were no changes to the Neighbourhoods Alive! Branch. Urban Development Initiatives programming was transferred from the former Economic and Community Development Services Division.

Co-operative Development Services was transferred from Industry, Trade and Mines in 2002/03.

2. In addition to the reorganization explained in note 1, the Department was further reorganized in 2003/04 and renamed Intergovernmental Affairs and Trade. The 2002/03 actuals have been adjusted to reflect the reorganization.

Manitoba Water Services Board was transferred to Water Stewardship along with Sewer and Water Programs and Conservation Districts.

Rural and Northern Community Economic Development Services – Executive Administration, Community and Regional Development Services, Economic Development Initiatives, Co-operative Development Services and Rural Economic Development Initiatives were transferred to Agriculture, Food and Rural Initiatives along with Infrastructure Development. Two FTEs from Community and Regional Development Services and 0.5 FTE from Rural and Northern Community Economic Development Services – Executive Administration were transferred to Provincial-Municipal Support Services along with associated operating expenditures. One FTE from Community and Regional Development Services was transferred to Trade and Federal-Provincial and International Relations along with associated operating expenditures.

The Trade and Federal-Provincial and International Relations Division also includes transfers from Agriculture, Food and Rural Initiatives, Industry, Economic Development and Mines, Culture, Heritage and Tourism, Advanced Education and Training and Executive Council.

3. In addition to the reorganizations explained in notes 1 and 2, the Department was again reorganized in 2005/06. The 2002/03, 2003/04, and 2004/05 actuals have been adjusted to reflect the reorganization.

Financial Assistance to Municipalities now includes restated Provincial Municipal Tax Sharing payments. Grant Assistance to Local Governments was transferred from the Department of Transportation and Government Services.

Canada-Manitoba Agreements now includes transfers from the Department of Conservation for the Northern Forest Diversification Centre and from the Department of Industry, Economic Development and Mines for the Composites Innovation Centre.

Emergency Measures Organization was transferred from the Department of Industry, Economic Development and Mines.

4. For 2006/07, 6.00 FTEs from Information Systems were transferred to the Department of Energy, Science and Technology in support of the Information and Communication Technology reorganization. The 2002/03, 2003/04 and 2004/05 actuals and the 2005/06 adjusted vote have been adjusted to reflect this transfer.

PART V
GLOSSARY

GLOSSARY

COST ELEMENT

A cost element is a classification of expenditures according to the nature of expense such as salaries, supplies and services, etc., which identifies the object of expenditure out of appropriation funds. The government accounting system tracks expenditures according to the following cost element groups:

Cost Element Group

Components

Salaries

Regular Earnings, Other Earnings (overtime, shift premium), Ministers and Members of the Legislative Assembly, Fringe Benefits, Other (Worker's Compensation Allowance, Supplement), Health and Education Tax Levy, Benefit Chargeback.

Grants/Transfer Payments

Discretionary Grant, Nondiscretionary Grant, Transfer Payment, Valuation Allowance, Capital Grant.

Transportation

Vehicles, Aircraft, Bus, Train, Taxi, Non-Government Personnel, Travel Agency Fees, Freight/Courier.

Communication

Telephone, Electronic Communication Services, Postal Services, Advertising/Program Promotion, Radio Systems, Other.

Supplies and Services

Operating Supplies, Materials, Office Supplies, Maintenance, Other Services, Rentals, Professional Services, Utilities, Other Fees.

Public Debt

Credit/Debit Card Fees, Gain/Loss on Foreign Exchange, Interest on Debt, Discount on Debt, Amortization, Debt, Interest Charges, Other Charges.

Minor Capital

Land, Buildings, Vehicles, Machinery & Equipment, Computers, Furniture, Leasehold Improvements, Loss on Sale of an Asset, Amortization Expense.

Other Operating

Accommodations, Food and Beverage, Computer Related Charges, Insurance Costs, Publications, Allowances and Other Financial Compensation, Other Personnel Costs (relocation/transfer costs), Other Operating (membership fees, hospitality, employee training, uniforms, conference/convention registration fees, incidental allowances), Imputed Surcharges.

Financial Assistance and Related Costs

Consumables on Behalf of Citizens (clothing, food, drugs), Fees and Services, Shelter, Transportation, Special Needs, Direct Assistance Payments, Indirect Assistance Payments.

EMPLOYEE BENEFITS

Costs incurred by government for its contributions to the Employment Insurance Program, the Canada Pension Plan, Group Life Insurance Plan, Ambulance, Hospital Semi-Private Plan, as well as costs related to pension liability for new employees, and payments made under the Dental Plan, Long-Term Disability Plan, and Levy for Health & Post Secondary Education.

ESTIMATES OF EXPENDITURE (Adjusted)

A re-alignment of previous year's estimates of expenditure for any organizational change to provide for more accurate and realistic comparisons from one budget year to the next.

FULL TIME EQUIVALENT

A measurement for number of positions. Every full-time regular position represents one full time equivalent position. Other categories (e.g., term, departmental, sessional, contract) are measured in proportional equivalents, e.g., a program with a vote of 1.50 term FTE could hire staff in any combination that results in a total of 1 ½ years (or 78 weeks) of employment (e.g., 6 staff for 3 months (13 weeks) each; 2 staff for 9 months (39 weeks) each; 1 full time and 1 half time staff for 1 year; 3 half time staff for 1 year, etc.).

For further information related to staffing, please refer to the Civil Service Commission's intranet website (HR Personnel/Guides/SAP – HR Data Standards).

STAFF CATEGORIES

Managerial

Positions which have been delegated the authority and have the responsibility to plan, administer, and control the resources and activities of a defined organizational unit in the Manitoba government, and are directly and fully accountable for:

- the utilization of resources in achieving planned objectives including the development of a budget and the initiation and authorization of expenditures; and,
- the organization's results and impacts.

Professional/Technical

Employees who have duties that relate to specific areas of program operations requiring some functional specialization.

Included in this category are employees classified within the following components and/or series:

Education	Engineers (O.P.E.E.P.M.)
Health	Legal Aid Lawyers (L.A.L.A.)
Legal, Inspection & Regulatory	Crown Attorneys (M.A.C.A.)
Physical Sciences	Doctors (M.M.A.)
Social Sciences	L.A.M.C. Staff
Trades, Operations & Services	Professional Officer Series
Personnel Officer Series	
Administration (with the exception of the Administrative Officer Series)	

NOTE: Those employees designated as managers and also classified within one of the above components or the excluded component shall be categorized only once, as managerial.

Administrative Support

Employees who have duties related to the provision of support and assistance to program operations.

Included in this category are employees classified within the clerical component or the Administrative Officer series.

STAFF TURNOVER ALLOWANCE

An adjustment made to a salaries account to allow for attrition and staff turnover. It is a negative adjustment to enable the organization to more accurately display salary requirements.
